

Homework and reminder for 6 Trust 2013-2014 Term 1
Aug 2013 – Jan 2014

17 Jan 2014

1. Assessment 4 paper (Investigation-pattern): parent sign and return on Tuesday (if you have been to project week already, return on 10 February).
2. A lot of you still not fix your e-portfolio (2 student work samples with in-depth reflections).
3. Mathletics task throughout the New Year break.
4. Read the suggested book (check assessment wiki, reading booklist) throughout the Lunar New Year Break.

15 Jan 2014

1. After checking the e-portfolio today, most of you didn't finish it. Keep working on it and make it better and better. Will check tomorrow again.

13 Jan 2014

1. Revision test (Term 1): do corrections, let parent check and sign the paper (sign on the first page next to the grade) hand in tomorrow.
2. Hand in the organised binder with the checklist and self-reflection for term 1. Download the checklist if you lost the one I've given to you before the Christmas break. (This homework is due today, but a lot of students didn't get it done yet)

[Checklist for binder_T1.pdf](#)

3. E-portfolio - at least 2 students work and reflections (can be more than that) done, you will have 1 more lesson to work on it. Will check at any lesson starting from tomorrow.

19 Dec 2013

Revise for SAW.

Check assessment wiki for suggested answer for the practice for growing pattern.

Do Mathletics task.

18 Dec 2013

Finish the corrections for practise for growing pattern (you might download a new one from the wiki and redo it)

Finish the corrections of quiz on fractions and decimals (check tomorrow)

Prepare for a quiz tomorrow (all topics / criteria A)

17 Dec 2013

Finish the practise for growing pattern, bring in tomorrow for discussion.

Keep revising for the quiz on Thursday (all topics)

Bring My Pals 6A for tomorrow's double lesson.

16 Dec 2013

A lot of students still didn't check all the answers in the Maths Journal, do so asap.

Keep revising for the quiz on tomorrow (growing pattern) and Thursday (all topics)

Bring My Pals 6A for Wednesday's double lesson.

13 Dec 2013

1. H&H MYP 1 (Ex 12G: Choose 2 questions to solve) - Due on Monday
2. Remember to bring all Maths Journal back on Monday (make sure all H&H and MY Pals' work have been checked and corrected), I will check it and hole punch it for you on Monday.
3. Be prepared for a quiz on fractions and decimals on Monday 16 Dec.
4. Bring your binder home to organise. Refer to the checklist for detail

Checklist for binder_T1.pdf

- [DetailsDownload](#)228 KB

. – Due after SAW (13 Jan 2014)

you might choose to type your reflection or write on the checklist

11 Dec 2013

1. Finish the set classwork in H&H MYP1 (if you haven't done so) - Due on Monday 16 Dec

Ex 12C: 1c, 3c, 5c, 7c, 9c, 11c, 13c

Ex 12D: 1a, 2a, 2c, 2f, 2g, 4, 6, 8

Ex 12E: 1ai, 1bii, 2aiii, 2biv, 4, 7, 10

Ex 12F: 3c, 5c, 7c, 9c, 10

10 Dec 2013

Finish H&H MYP1 Review Set 12A (if you didn't finish in class), spend not more than 30 minutes on it.

continue to revise for the quiz next week (on decimals, fractions, percentages, problem solving strategies and basic algebra).

9 Dec 2013

Finish activity 1 and activity 2 (H&H, MYP1: p.216-217)-Real life examples of measurement and measuring tools

Start revision for the quiz next week (on decimals, fractions, percentages, problem solving strategies and basic algebra).

6 Dec 2013

Check answers for discount and percentages (91, 92, 93, 94, 98, 99, 100, 101)

[exercise on percentage solution.pdf](#)

Check answer for My Pals 6A (p.11-12, p.146-147)

[My Pals 6A_p11-12.pdf](#)

[My Pals 6A_p.146-147.pdf](#)

4 Dec 2013

Finish worksheet on discounts and percentages (91, 92, 93, 94, 98, 99, 100, 101)

Extension work: Read and finish My Pals 6A (p.148-152)

Try any 3 questions from My Pals 6A (p.153-154) show working in Maths Journal.

3 Dec 2013

Finish My Pals 6A p.147 (Let's practise 6a: any 2 questions of 9-12)

2 Dec 2013

Finish My Pals 6A p.146 (Let's practise 6a: Q1-7)

28 Nov 2013

solution for decimal exercise

Decimals_supplementary exercise_solution.pdf

• [DetailsDownload](#) 4 MB

1. Download the solution above:

- a. check if you have done all the decimals exercise
 - b. check your answer with a ball pen
 - c. do corrections (on a separate single-lined paper, to stick/staple back to the Math Journal)
 - d. Redo some of them as revision if you don't need to do corrections
2. Finish the classwork (20E.2: 3a, 4h, 5j) - use the proper steps as shown in class (check detail of today's calendar)

Choose 2 questions for each of questions 1 to 5 (total 10 questions) - use either maintaining balance / inverse operations to solve the equation, show clear steps.

27 Nov 2013

Create word problem that need to form equation to solve.

Type your question and solution and send to Ms Yeung (ryeung@vsa.edu.hk) by 6:00pm tonight.

To my very disappointment, the following students still own me things:

Remember to bring H&H and My Pals 6A to Maths lessons.

Maths journal: Matthew

Shirou didn't sign yet

26 Nov 2013

Due to the Music outing, we miss today's Maths lesson.

Remember to bring H&H and My Pals 6A to Maths lessons.

Matthew, Bosco, Felix, Avery, Shirou, Justin still haven't handed in the Maths journal, must hand in tomorrow.

Yang, Bosco, Hysan, Avery, Adrian, Justin, Shirou, Kwan Yiu still haven't handed in the Assessment 3 with parent's signature, must hand in tomorrow.

25 Nov 2013

Some of you still haven't hand in the Maths journal (because you haven't finished the set homework for Centre 1-7 and the extension work: 20A-20D and 6A 1a, 1b)

Max, Matthew, Bosco, Raphaele, Victoria, Felix, Jayna, Avery, Shirou, Harneil, Justin, (Lydia - abs), make sure you finish them and handed in tomorrow.

The following students didn't hand in the Assessment 3 with parent's signature on time:

Yang, Bosco, Janya, Hysan, Avery, Adrian, Justin, (Lotus, Shirou, Kwan Yiu, Lydia - absent/ early leave last/ this Maths lesson)

22 Nov 2013

1. Math Journal:

-Make sure you finish all the activities for centre 4-7 (including Ex 20a, 20B, 20C.1, 20C.2, 20D)

- My Pals 6A Let's Practise 1b (p.18) show clear steps in your Maths journal.
- Write a short reflection about the 4 centre you've done for the double on Wednesday (in your Maths Journal).
- a. What have I learnt from each centre?
- b. Am I doing well as a partner or a group member?
- c. Is our group's discussion run well? Why or Why not?

2. Mathletics: Some students bring out the problem to me that after you've done a task, they didn't show your results. I also found out that all our set tasks have disappeared. I decided not to set tasks until the Mathletics company have fixed the problem for us.

3. Next Monday (25 Nov) after your second lesson, go straight to the library with the following for collection:

- Maths Journal (bring all if you have more than 1)
- Assessment 3 (with parent's signature)
- Any thing you need for the Music visit.

If you handed in both and done properly, then, you are allowed to check out one iPad and play the DragonBox (algebra games). We only have 20 iPad, first come first serve, or you need to share with your good friend.

Be prompt! You only have around 10-15 minutes to play that wonderful game.

19 Nov 2013

1. I found that some students haven't finish the homework task set yesterday (especially the reflections).

Make sure you all catch up and finish your missing work (see below 18 Nov 2013) - will check tomorrow again.

2. Do Mathletics set tasks - Due next Tuesday (9:00pm)

18 Nov 2013

1. All of you have finished all 3 centres already. You need to finish your centre's work (in your Maths journal, show the date, the name of the centre, the work you've done for this centre and the following extension work and homework).

Centre 1 - Ex1 and Ex2 and My Pals' 6A: Let's Practise 1a (p.11-12: Q1-4)

Centre 2 - Ex 3 and My Pals' 6A: Let's Practise 1a (p. 12 Q5)

Centre 3 - Ex 4

2. Also write a reflection at the end of all 3 centres, please include the followings:

- a. What have I learnt from each centre?
- b. Am I doing well as a partner or a group member?
- c. Is there anything I/my group can improve when we are doing the centre work?
- d. Do I like to learn through centres? Why or Why not?

14 Nov 2013

1. Finish your centre's work (in your Maths journal, show the date, the name of the centre, the work you've done for this centre and the following extension work and homework).

Group 1 and 2: Centre 1 - Ex1 and Ex2 and My Pals' 6A: Let's Practise 1a (p.11-12: Q1-4)

Group 3 and 4: Centre 2 - Ex 3 and My Pals' 6A: Let's Practise 1a (p. 12 Q5)

Group 5 and 6: Centre 3 - Ex 4

12 Nov 2013

1. Today all of you should have at least 1 growing pattern worksheet to finish, some might have 2 (either level 3, 4 or 5).

2. Continue to bring the H&H MYP1 and My Pals 6A textbooks starting from next Maths lesson.

Bosco, Raphaele, Felix, Shirou and Yang, you still haven't hand in the hard copy. Please seek help from you parents and classmates and fix the problems.

11 Nov 2013

1. I am not going to chase your re-corrections of quiz on decimals and fractions since I've already upload the answer key last week. But if you bring it to me during Maths Help Sessions and Recess time, I am more than happy to mark it for you.

2. Continue to bring the H&H MYP1 and My Pals 6A textbooks starting from next Monday.

8 Nov 2013

1. We will start the Algebra unit next Monday.

2. Please make sure you bring the H&H MYP1 and My Pals 6A textbooks starting from next Monday.

3. Also make sure you did the re-correction properly as the solution I've share in the wiki yesterday

4. Be prepared for a re-quiz on decimals and fractions.

7 Nov 2013

Download the answer key for the quiz and do the re-corrections properly with clear steps

Quiz on decimals and fractions_ans_13-14.pdf

• [DetailsDownload](#)578 KB

:

5 Nov 2013

1. The following students did not upload the assessment through ManageBac successfully, try again or try email to me.

Ayeisha and Nicole: you need to finalize your movie or export it to movie format then upload or email the final product to me. We can't open your project in iMovie.

Lydia: you need to save you file as word or ppt then upload the word or ppt file to the ManageBac or email to me.

Yang: Even though you are absent today, you still can upload your assessment through ManageBac, unless you haven't finish it.

2. Finish your self evaluation part for your peer assessment form and hand in tomorrow.

3. Print your assessment (hard copy) and hand in tomorrow.

4 Nov 2013

1. Make sure all of you upload your assessment through ManageBac

Hint: if you use open office or keynote, please make sure you change the file type compatible with mine, i.e., save as/ export your file to doc, or docx, or ppt or pptx (if you use odp), or

save/ export as ppt (if you use keynote).

2. Double check with the task specific rubrics. and practice present your assessment within 3 minutes time.

3. Please remember to print the hard copy of your assessment and hand in tomorrow.

31 Oct 2013

After checking most of your real-life problem, I notice the following points:

1. some of you only have 2 problems for 2 different strategies, that is fine for getting a maximum of 3-4 of both criteria C and D. But if you want to have a chance to get 5-6, you have to use the two different strategies to solve the same real-life problem.

2. Some of you only solve the problem but didn't answer the "What, when, why, how" questions accordingly.

You still have next Monday to finish your assessment in class.

Make sure you upload the soft copy of your assessment through ManageBac by 9:00pm 4th Monday.

Tom still haven't handed in the Chapter Quiz: Arithmetic on decimals and fractions with corrections. Please hand in asap.

30 Oct 2013

Make sure you have created the real-life problem you are going to solve with your chosen problem solving strategies, type or written down and show me tomorrow.

29 Oct 2013

1. Finish the problem 2 of "Listing strategies".

2. We will start working on the assessment 3 tomorrow.

Make sure you have done enough research and have decided the 2 problem solving strategies you are going to do.

If you are doing poster, you should bring in material you need.

28 Oct 2013

1. Hand in your Maths journal tomorrow with the completed HW: Opening problem (MYP1 Ch10), Problem 3 of drawing strategies.

16 Oct 2013

1. Finish the opening problem (MYP1 Ch10) - write full solution in your Maths Journal.

2. Download the assessment notification for assessment 3 on problem solving strategies (you don't need to print it, I've printed it for you already), start research within the term break and you will be given 3 lessons in school time to work on it and 3 lessons to present or peer assess your classmates.

3. Do corrections for quiz on decimals and fractions and make sure you can do similar questions and I am going to give you a quiz after term break on the same topics.

4. Keep revising decimals and fractions units. (finish more questions on H&H MYP1 Ch6, 8, 9, 11 and My pal 6A Ch4) and do more Mathletics tasks of your weak areas.

15 Oct 2013

Keep revising for the decimals and fractions units. (H&H MYP1 Ch6, 8, 9, 11 and My pal 6A Ch4)

Finish the set Mathletics task.

Remember to bring in MYP 1 text book and My Pal's 6A.

Remember to hand in assessment 1 and 2 (with parents signature) if you still haven't.

10 Oct 2013

1. Make sure you finish all corrections for fractions WS (with good quality/ showing workings, etc).

You might download the suggested solution and follow the proper steps.

02_Fraction_four operations_Pre-test_solution.pdf

• [DetailsDownload](#) 242 KB

2. Assessment 2: Do corrections and remind your parent to sign on the first page, next to the mark.

Matthew, Bosco, Adrian, (Avery is absent) didn't hand in the assessment 1 so they are not allowed to bring the assessment 2 home today.

If you hand in to me tomorrow, I will give you the assessment 2.

Shirou, Justin, Tom, hand in the assessment 1 but not signed by parent, you need to get the paper tomorrow from me.

9 Oct 2013

1. Some of you still haven't finish the fraction WS 3 corrections in today's double.

Make sure you try your best to finish it.

Be prepared that we might have a short quiz on decimals and fractions tomorrow.

8 Oct 2013

1. Tidy up your binder (your binder should have the followings):

cover page (with name, class, and subject),

dividers (to separate different units),

MYP assessment criteria, schedule and yearly overview (in the front)

Learning Materials: decimals and fractions worksheet (under a proper divider)

3. Assessment 1 (Budget):

-Do corrections on a single lined-paper if needed,

-Remind your parent to sign next to the grade on your single lined answer paper.

-Submit the corrections and the whole paper not later than Friday.

7 Oct 2013

1. Remember to bring in the "Practice exercise 1" (for investigating patterns/ assessment 2) and hand in next lesson.

2. Finish the corrections of fraction WS1 and 2 (if you don't understand we will have 2 more lesson to help you)

3. Finish and hand in the fraction WS3 if you still haven't

4. Assessment 1 (Budget):

- Do corrections on a single lined-paper if needed,
- Remind your parent to sign next to the grade on your single lined answer paper.
- Submit the corrections and the whole paper not later than Thursday.

2 Oct 2013

Check the assessment wiki, download the suggested solution for "Practice exercise 1" (for investigating patterns/ assessment 2), compare your answer and do correction if necessary. Finish the diagnostic worksheet 3 (4 operations of fractions) and hand in tomorrow before the assessment - try your best to finish as much as you can. Bring a calculator tomorrow for your assessment 2.
